The Cause :

The purpose of this event is to raise money solely for Haverfordwest Racecourse. This is a rare community amenity space run by a local committee.

The racecourse boasts football pitches, Haverfordwest cricket club, dog walking, wildlife areas and our local Parkrun. It is open 24 hours a day, 365 days a week, and recently put out a call for £30,000 funding for building work.

The racecourse also hosts Haverfordwest Parkrun which is a free weekly timed run which attracting 150+ runners every Saturday morning throughout the year. This organisation has organised nearly 300 weekly runs open to all abilities.

To reflect this community open access amenity, we are organising a free to enter running event in a unique and challenging format.

The Racecourse is Registered Charity Number. 509842

About the event :

This challenge is to have one baton passed non-stop between local runners for one whole day in October. In that 24 hour period, the baton will travel over 240Km (148 miles). Each runner will bear the baton along the 5 kilometer Parkrun course and pass it to the next person in the list. Success is by no means certain. It will need determination, trust and coordination. Runners will face whatever conditions the weather can throw at them, by night and by day.
